

QString

```
classDiagram
    class QString
    class QConstString1
    class QConstString2
    QConstString1 ..|> QString
    QConstString2 ..|> QString
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'QString'. Below it, a horizontal dotted line connects two boxes, both labeled 'QConstString'. A vertical dotted line with an arrowhead points from the center of this horizontal line up to the bottom edge of the 'QString' box, indicating that both 'QConstString' classes inherit from 'QString'.

QConstString
